Societal progress recognition

Why Straive

Operationalizing Data and AI

We embed AI into workflows—driving real outcomes across efficiency, experience, and revenue, not just proof-of-concept pilots.

Human Oversight in Every Loop

Our expert-in-the-loop model ensures AI outputs are accurate, ethical, and aligned with business context and domain expectations.

Enterprise-Scale GenAI Enablement

From LLM experimentation to production deployment, we build GenAI applications integrated with enterprise systems for real-time impact.

Faster AI Deployment Cycles

Our accelerators and orchestration tools reduce time-to-value—launching scalable AI solutions in days or weeks, not months.

Proven Cross-Industry Expertise

Trusted by Fortune 500s across EdTech, Pharma, Finance, and Research for tailored, high-impact AI and data transformation.

Driving Tangible Business Outcomes

We deliver 3–5x ROI by aligning AI initiatives with core business goals—ensuring every deployment creates measurable enterprise value.

Our Presence Across the Globe

Partner with Straive

Let's transform your business with data and AI.
Join us in building smarter, scalable solutions that
deliver measurable impact.

About Straive

As a data analytics and AI operationalization company, we don't just build top-tier data analytics and AI solutions—we integrate them seamlessly into your core workflows. This approach drives enhanced efficiency, improves user experience, and boosts revenue, setting you apart from the competition.

Serving a diverse range of industries—including Pharmaceutical & Life Sciences, Manufacturing & Supply Chain, Science & Research, EdTech, Banking & Financial services, Retail & CPG, GCCs, and Media & Entertainment—we have a global client base spanning over 30 countries.

Our strategically positioned resource pool operates across nine countries: the Philippines, India, the United States, Nicaragua, Vietnam, the United Kingdom, Singapore, South Africa, and Canada.
